

MONTHLY REPORT, OCTOBER 2008  
NELSON PINEDA

Last month Yuli obeyed the gospel

Beloved siblings, I greet you in the Lord.

First I want to express my feeling of gratitude in union with my family, and those churches to which I serve thanks to the sponsorship I receive from you.

Thank you very much for this, you have given me the privilege in this year of giving all my time to the church work, I want you to know that every baptism, every activity made for the affirmation of faith, and the expansion of it, all is work made by you, God keep blessing you. "We don't stop here of thanking to God for you".

During this year I was visiting the churches in Bogotá, in Caracas, Barinas, Arauca and Cúcuta.

This year my work was better, for my knowledge and experience, and I hope next year can be even more fruitful.

Last month I was all the time helping to the Church in Cúcuta. Being home, I could spend time to make pamphlets, and read the material that gets to me. The best is that several times we went with the siblings to the squares in the city to hand out invitations, to make that people come close to God and I taught sermons to all those who were able to hear them in those places.

Next, some photographs of the churches that I visited during the year.

Arauca

Barinas

Cúcuta

Siblings, I wish you to have a happy end of year, and that our God continue to blessing you much more.

Full with gratefulness:
