

Dear Bro. Jim Rutter,

Hello!! Hope you and your brethren are doing well. You know this past day you are always very busy in teaching the word of Lord and still in God Favor. And I received your article: Joy and happiness in Christian Living including the support. Thank you very much.

Last month of May our weather here in the Philippines is at (38.5 degree centigrade) and it is very warm. This past month of May 1 ,2010 (Saturday Morning), Bro. Ray and I have baptized one (1) soul in the place of tondo, Manila. After baptized we went to the congregation of Pampanga and we were joined by three other preacher to conduct our study. I was very happy to tell you again that we have a very successful month of continue preaching and praising the word of God. Also I am very glad that our congregations our continue growing towards the number of members. We were singing together and sharing the word of our lord jesus Christ. They are very active in listening and attending our Sunday worship and midweek Bible Study together with our radio program.

Until then God bless you and all of our brethren...

In the Service to Jesus Christ,
Romeo A. Agulto
